### DUAL CERTIFICATES

Stronger recognition, greater value: the package issues an ANWA certificate, and the National Level 1 certificate is available alongside it. The National certificate is not a course on this platform, which is why the stated list price is higher than the courses add to.

## What the package contains

Each course below is a full course in its own right, taken in its own intake. Buying the package enrolls you in all of them at once.

### COURSE

**1**

#### **FNWM Phase 3 — Advanced Personalized Nutrition**

Family-centred functional nutrition across life stages and lifestyles. ¥7,299 separately.

### COURSE

**2**

#### **Plant Aromatic Application (Intermediate)**

Aroma science, TCM constitution and nutrition, and your first full working kit. ¥6,899 separately.

### COURSE

**3**

#### **Plant Aromatic Application (Advanced)**

Material grading, market positioning, case studies and hands-on blending. ¥10,199 separately.

### COURSE

**+**

#### **National Level 1 certificate (optional)**

Not a course on this platform: a co-issued certificate available alongside the ANWA one, ¥1,788, and the reason the stated list price is ¥26,185.

## Your place in the Botanical Wellness path

FOUNDATION

**Begin**

INTERMEDIATE

**Build**

ADVANCED

**Practise**

Foundation, Intermediate and Advanced are one path. The certification packages bundle it with the FNWM phases, so the nutrition science and the aromatic practice are learned together rather than separately.

Each course publishes its own week-by-week outline before it begins.
